

*They that go down to the sea in ships, that do business in great waters,
These see the works of the Lord, and his wonders in the deep.
For he commandeth, and raiseth the stormy wind, which lifteth up the waves thereof.
They mount up to the heaven, they go down again to the depths: their soul is melted
because of trouble.
They reel to and fro, and stagger like a drunken man, and are at their wits end.
Then they cry unto the Lord in their trouble, and he bringeth them out of their distress.*

Psalms 107:23-28

In the darkest shade of night
the moon tells me of simple
occurrences of nature

Of waves that twist and weave
through rocky shores

Of calm waters that
draw gulls
under the moonlight
of a warm summer night

And of the soft breeze that
blows off the waves that
forms sand into natural mounds

To everything there is a season
and a time to every purpose
under the heaven

A time to weep and a time to laugh,
a time to mourn and a time
to dance

A time to love and a time to hate,
a time of war and a time
of peace

Only God knows the
"Why" of things.

When I was one,
I had just begun
When I was two,
I was nearly new
When I was three,
I was hardly me,
When I was four,
I was just a bit more
When I was five,
I was hardly alive,
But now I am six,
I'm as clever as clever,
I think I'll stay six
forever and ever.

If there's someone you can talk to
 Someone no one can replace
 If there's someone you can laugh with
 Till the tears run down your face
 If there's someone you can turn to
 When you need a helping hand
 If there's someone you can count on
 To advise and understand
 If there's someone you can sit with
 And not need to say a word
 If there's someone you can trust
 To keep each confidence they've heard
 If there's someone you think more of
 As each year comes to an end . . .
 You're a very lucky person
 For you've found a
 Special Friend!

*Life — so they say
Is but a game and they let it slip away
Love — like the Autumn Sun
Should be dying but its only just begun
Like the twilight in the road up ahead
They don't see just where we're going
And all the secrets in the universe
Whispers in our ears and all the years will come and go
And take us up, always up
We may never pass this way again
Dreams — so they say
Are for fools and they let them drift away
Peace like the silent dove
Should be flyin' but its only just begun
Like Columbus in the olden days
We must gather all our courage
Sail our ships out on the open sea
Cast away our fears and all the years will come and go
And take us up, always up
We may never pass this way again
So I wanna laugh while the laughing is easy
I wanna cry if it makes it worthwhile
I may never pass this way again*

Seals and Crofts

We would like to express our sincere thanks to the staff, advisors, photographers, and all those who helped to make this one of the best Flickers to ever come out of G.H.S. We hope that this yearbook symbolizes the friendships, good times and all the many happy memories which we all have experienced during these four years.
